## *We Dedicate . . .*

this yearbook to Ned A. Linta.

Our association with you in these last four years has taught us a manifold lesson. This lesson is not academic in nature.

It is, however, both practical and philosophical. Yours is a lesson by which we discover a spirit of life and selfless dedication to an ideal and to those associated with that ideal.

For many of us these four years will terminate our formal education.

However, the lesson which you have given us shall continue to be that assuring force by which we will attain the goals toward which we strive.

DELAWARE VALLEY COLLEGE OF SCIENCE AND AGRICULTURE  
DOYLESTOWN, PENNSYLVANIA

JAMES WORK  
PRESIDENT

To the Members of the Class of 1965

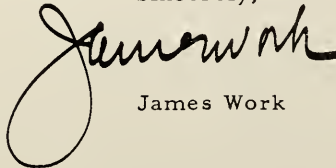

During your years at the College, you have seen many improvements in our facilities, a great expansion in our physical plant, and a broadening and strengthening of our academic program. You have been with us during our most critical period--the period of our evaluation by the Middle States Association of Colleges and Secondary Schools. You have shared with us our great joy on the occasion of our accreditation by this authority. You have in fact been a part of what will go down on the records as the greatest growth period in the history of the College, both academically and physically.

I am sure that this wonderful experience has imbued within you an intense feeling of accomplishment, and will inspire you to continue to support your Alma Mater and to dedicate yourselves to the numberless things which you may do for the benefit of those who follow you.

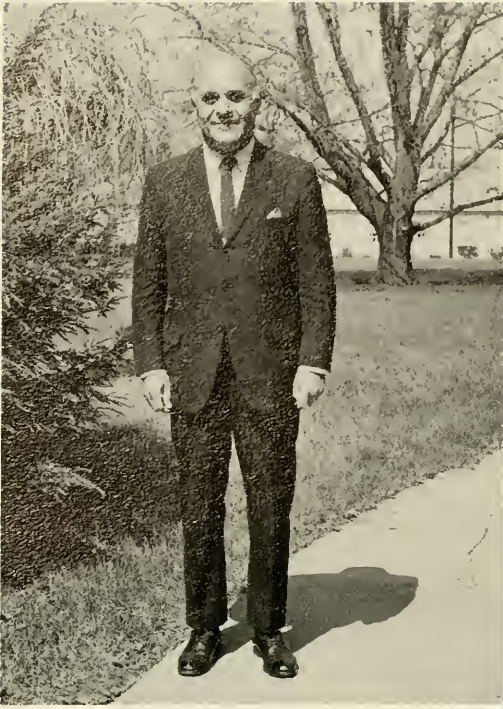

I can say without any hesitation or equivocation that the future of the College rests with its graduates.

May you go through life in peace, in happiness and in dignity.

Sincerely,

A handwritten signature in black ink, reading "James Work". The signature is written in a cursive style with a large, looping initial "J".

“Large was his bounty, and his soul sincere;  
Heaven did a recompense as largely send:  
He gave to Misery (all he had), a tear,  
He gained from Heaven (’twas all he  
wished) a friend.”

This was a starting year for a NEW Aggie football team. There is a promising future in sight as the new coaching staff exploits the player's potentials. The bulwark for the coming gridiron season will be the members of the class of '68 under the watchful eyes of head coach William Craver and his staff.

During the past season, seventeen new records were set against a schedule dominated by the always tough Middle Atlantic Conference teams. As the college continues to expand its enrollment, it will also expand its sports competition to include the toughest teams in this area.

Our thanks to the team's leaders, Captain Richard Baughn and Dick Chickillo.

### CROSS COUNTRY

This year's Cross-Country Team faced stiff competition. With much spirit and zeal, the barriers ended up with a 10-2 record.

Two high lights of the season were: winning the second annual Delaware Valley Conference, and placing 18th in the National Collegiate Athletic Association College Cross-Country Championship at Chicago, Illinois.

The Cross-Country Team displayed strength and spirit throughout the season.

#### LOU COPPENS

Lou Coppens led the team as captain in high fashion giving them a goal to strive for. He accumulated 43 firsts, 3 seconds, and 1 third in 47 meets. He also broke the Delaware Valley course record six times in his four years on the team. He set records at Glassboro, Millersville, Susquehanna, Lehanon Valley, Washington College, Eastern Baptist, and Lincoln University.

Lou was the Delaware Valley Conference Champion for the past two years.

The team proving itself in the East, received the chance to participate in the National Collegiate Athletic Association championship. In the college division Lou placed 10th in a field of 170 runners, competing on the four mile course. This resulted in an invitation to compete in the NCAA University Division at East Lansing, Michigan.

On a windy, cold, snowy day at Michigan State University, Lou finished 41st out of 180 runners in the University Division and first in the College Division. This singles him out as one of the top cross country runners in the country.

#### JIM MURPHY

Jim was a very important asset to the cross-country team. His collegiate record consisted of 5 firsts, 19 seconds, and 5 thirds for 34 meets.

As the team's number two runner, he consistently broke through packs of opposing runners to cross the finish line in record time. His competitive spirit inspired his fellow runners to their record breaking season.

With the advent of a new Varsity Basketball coach, Mr. Allan Hartley, the Aggies turned in their most impressive record since 1951.

The team was led by captain George Tiefenthaler, assisted by senior Dick Baughn. This combination was augmented by six promising freshmen. With more experience, the team should be able to hold their own against stiff competition.

"Rols" lets the discus fly

The "Aggie" Track team faced one of the toughest schedules of any team representing our college in inter-collegiate competition. Nevertheless, in 1964 they were able to obtain impressive wins over Lycoming and Lincoln University. The team was led by Captain Lou Coppens, undefeated distance runner. Other standouts include senior, Roland Bergner and junior Bill Cottrell in field events, Gus Dotterweich and Gary Shisler in pole vault, Chuck Rynd in the 440, and Jim Gianaris in the hurdles.

## *Golf Team*

The golf team maintained its dominance over their Conference foes by retaining the Delaware Valley Conference Championship at the Warrington Country Club. Captain Art Tucke, Terry Wueschinski, and Mark Novin led the team throughout the season with assistance from newcomers Chris Shelley, Bob Sills, and Mike Chudkowski.

In winning three matches out of seven, the team established records in Low Gross in the Conference Championships and Low Medal at the home Warrington Country Club course.

"Thoughts that do often lie too deep for tears"  
—Wordsworth

It was cold, rainy and dismal. Hardly the type of day conducive to the pleasant commencement of our careers at Delaware Valley College. If we thought this day was any indication of what the next four years would hold in store, most of us, surely, would have turned around and gone home. But being naive, and inexperienced in the ways of the academic world we stood faithfully in lines which led us to the registration desk where we were engulfed in a sea of registration cards. We were officially signed in—we had passed our “Fail-Safe.”

As if this was not enough in one day we were beset by a myriad of pre-semester examinations. Before we were given a break, classes started and with classes also began the freshman nemesis, customs.

If nothing else, our period of customs was creative. We can list to our credits two bonfires and Lake Archer. Both of which were (literally) built by hand. Naturally being the class of 1965 we set out early to establish high standards and break records. We began by erecting a larger and more massive bonfire than any which preceded. In the course of events, we proud freshmen found it necessary to protect our beautiful mountain of wood. None of us will ever forget the sound of “Hoagy’s” bugle summoning us to protect our bonfire.

Events, both frustrating and comical, broke the dull routine of chemistry, zoology and Freshman composition; Paul Kessler and his used cars, the Holocaust at Farm Four, the cook out behind Elson Hall, and the panty raid. Somehow that ill-fated episode did not turn out quite as planned.

Our Holland Holiday was a beautiful success. The many hours of planning and work proved to be very worthwhile. Surprisingly, the windmill worked well all night.

Perhaps the most unsuccessful of our freshman ventures came in the form of our infamous riot. Days of planning and hours of anxious preparation culminated in a brilliant display of courage, determination and chaos—that lasted for all of three and a half glorious minutes.

At times things got rough, frustration and tension mounted, but no matter how black the situation appeared, when our marks were failing and our hearts down trodden and only two weeks before finals, we could always thank “Josh” for saying, “don’t worry there is still ample time.”

The freshman year terminated with Summer Practicum. Here we were exposed to all forms of practical experience. At any time during the month of June in 1962 one could expect to see Ullman Hall floating down Alumni Lane on a river of foam to the clink of ten thousand “dead soldiers”.

# History

During that summer of 1962 the College was given Accreditation and accepted as a member by the Middle States Association of Colleges and Secondary Schools. This was not only a milestone in the history of the College but also a great tribute to the efforts of the administration and staff who made it possible.

The fall of 1962 found us back on campus after a summer vacation which we all felt ended too soon. As sophomores we immediately plunged ourselves into the hardy exercising of our newly acquired power over the freshmen as the administrators of "customs." With a hearty "Button Frosh" we led "our" freshmen through a tumultuous period which ended in the revival of the tug of war.

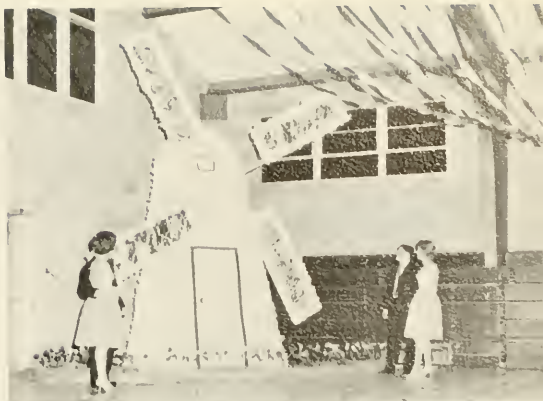

It was about this time that we were exposed to Mr. Schmieder. It didn't take very long for us to realize how little we new about *everything*.

The first concert to be held at Delaware Valley College was ours. It was our concept, and our achievement. Maynard Ferguson and his Orchestra put on a spectacular jazz concert. It must be stated that we gained a lot more from this concert than financial success; we learned organization, responsibility, and the meaning of the word "panic." (Thank you Mr. Steinberg.) This venture proved to be such a phenomenal success that it has become a tradition carried out annually by the members of the sophomore class.

We went into our second A-Day with more knowledge and experience than we had the previous year, and our class made an excellent showing in all fields.

Of course no discussion of our sophomore year would be complete without mentioning the big "65" that was painted on the water tower, "Eh, Kav?"

In our junior year we seemed to be more "settled down." There was more emphasis on study and less on "gipping." Many of us became more involved in the various clubs and activities on campus. The Yearbook and Prom Committees were organized in the anticipation of our forthcoming senior year. The year, however, was not without its lighter moments; any number of insanities could be expected at any moment. During the January snow storms the second floors of Cooke and Barness Halls were the scene of mass practice of such summer sports as swimming and diving, and the snowball fight between the juniors and freshmen left one of our warriors limping for several days. The administration passed a law prohibiting the use of exotic wallpaper and once again some of us were left facing "bare" walls. Of course, there were some planned activities too, our "Roaring Twenties" dance, one of the more unusual of our endeavors, and the Hootenanny provided the social highlights of the year.

We moved into Work Hall. Unfortunately, the building was not yet in a state of total readiness; the magnificent new structure seemed infallible until seven forty-five on that morning of the first class of the school year.

Our senior year saw the answer to many of our prayers arrive in too few numbers.

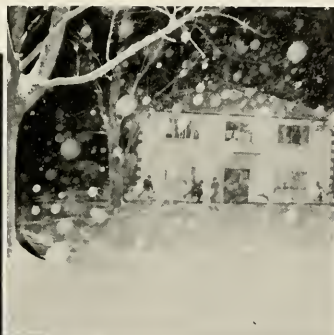

Preparation for the Yearbook and Prom were well under way by the beginning of the semester and the students eagerly awaited the coming of the "caterer." Most of our time was spent in serious study and in the contemplation of our future endeavors. By May most of us were infected with the senior "jitters."

As we approach graduation let us look to our left and to our right as we realize the truths which were set before us four years ago.

"Though nothing can bring back the hour  
Of splendor in the grass, of glory in the  
flower;  
We will grieve not, rather find  
Strength in what remains behind;"

—Wordsworth

*While writing this message we were filled with feelings of regret and anticipation. We cannot help but feel regret at the soon-to-come separation of well established friendships.*

*Now, we look to the future with some anxiety, but are filled with confidence instilled in us over the past four years.*

*It would not be appropriate for us to leave without expressing our deepest gratitude to the entire staff of the 1965 Cornucopia and to all who aided us in the presentation of this book.*

*"I do not choose to be a common man. It is my right to be uncommon—if I can. I seek opportunity—not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me. I want to take the calculated risk: to dream and to build, to fail and to succeed. I refuse to barter incentive for a dole. I prefer the challenges of life to the guaranteed existence; the thrill of fulfillment to the stale calm of utopia. I will not trade freedom for beneficence nor my dignity for a handout. I will never cower before any master nor bend to any threat. It is my heritage to stand erect, proud and unafraid; to think and act for myself, enjoy the benefit of my creations and to face the world boldly and say, this I have done . . ."*

**OUR PROVEN SIRE PROGRAM**

At Cedar Lane our policy is to use only the highest quality plus-proven sires we can find. Our program has included generous use of OSBORNDALÉ IVANHOE (GM-E) and we feel fortunate in having 25 of his daughters—12 in milk. Recent reports indicate that 229 daughters of Ivanhoe average 14,880 3.86 574 with an increase of 779 lbs. M and 37 lbs. F over their dams. He has 9 "Excellent" offspring.
